

Ohio Health and Human Services Cabinet

The Challenge

Target Hot Spots: A few people account for most spending

Align Programs: The system is fragmented, and things go wrong as a result

The Vision

Person-Centered	not	Program-Centered
Independence	not	Dependence
Prosperity	not	Poverty
Innovation	not	Bureaucracy

Existing Resources

Health	\$22.2B	}	Programs for Children = \$18B
Education	\$13.9B		
Workforce	\$2.0B		
Other Social Services	\$6.0B		

Notes: Includes federal and state funding, not local; Health Care includes Medicaid, BWC, DRC, DAS and PERS; Education includes ODE and Regents; Workforce includes Supplemental Security Income, not Unemployment Compensation; Other Social Services includes JFS non-workforce plus Supplemental Nutrition Assistance Program benefits.

Transformation Priorities

Health

Continue to modernize Medicaid and improve overall health system performance

Education

Coordinate programs that support the best possible start for Ohio's children

Workforce

Create a unified workforce system that supports business in meeting its workforce needs

Shared Services

Share services within and beyond boundaries to improve program efficiency

An example of

HHS Transformation

Integrate income-based eligibility systems

- Simplify income eligibility policy and workflow
 - Map 150+ Medicaid eligibility categories into three groups
 - Convert to modified adjusted gross income (MAGI)
 - Organizational change management (Deloitte contract)
- Automate eligibility determination systems
 - Citizen self-service portal (www.Benefits.Ohio.gov)
 - Online benefits management system (Accenture contract)
- The new system went live October 1 and over the next two years will replace CRIS-E
